[284550BM]. - RADAR padlock with three keys.

As standard

Kissing gate:

- Size (w x h):
1170 x 1520 mm.

Options

Finish/ Colour:

Galvanized or can be coated to BS EN 13438 in nine colours.

Galvanized metal kissing gate:

Manufactured from hot dip galvanized 25 x 25 mm RHS with four posts 50 x 50 mm RHS including adjustable bottom hinge which allows the gate to swing shut either way. Supplied in three sections plus posts and location bars for below ground. Virtually maintenance free once installed.

Combination gate:

As metal kissing gate but with the added advantage that it is joined by hinges to a 3000 mm single leaf gate. This allows the kissing gate to be used normally, however when vehicular access is required, the larger gate can be opened. Secured in the closed position with a drop bolt which can be used with a RADAR padlock.

Installation

In accordance to manufacturers instructions
