•Accessories:

[None].

[100900]. - Buckle tree ties.

[Jakcure end grain preservative]. - Required to post treatment cutting or drilling.

Jakcured tree stakes are machine rounded available in three diameters, and are available in lengths of up to 3 metres.

Features:

- Jakcured timber is treated with a special high loading of preservative for orchard conditions - which means it will outlast ordinary treated timber.
- Stakes are manufactured to fruit growers specifications.

All timber is Jakcured softwood guaranteed for twenty five years.

Installation

In accordance to manufacturers instructions
