

# Jacksons Fencing Specification Sheet

## Bow Top Panels

Bow Top fencing is available in two heights. The horizontal rails are sleeved on to the posts, resulting in a seamless design. (Posts are also available with base plates for fixing to concrete). Standard finish galvanized or with the addition of colour powder coating in: green, black, blue, brown, yellow, grey or red.

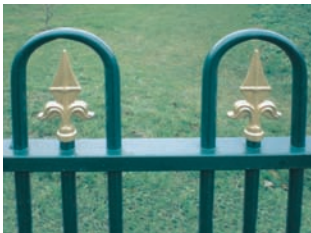

- Tubular construction for extra strength
- Traditional attractive design - ideal for front gardens
- vandal proof connections
- Galvanized finish to BS EN 1461 for a longer life
- Colour powder coating available
- Fence is supplied with domed post caps
- Low life time cost
- Environmentally friendly with a 25 year Service Life Guarantee
- Matching gates - single and double leaf

## Specification

Posts 60.3mm o/d for 1m and 1.2m high fence supplied with domed post caps with 700mm, to be set in concrete. Post centres 3m  
 Rails 50 x 25mm RHS.  
 Tubular infill 19mm diameter.  
 Tube spacing 119mm centres giving 100mm gap  
 Connectors Allow 4 per panel

## Optional additional features

We have introduced two new additional features you can add to our classic Bow Top fences, just to add a little extra interest and to give your fence a different look:

Extra pales set between the standard pales, topped off with a finial within the bow (there is a range of different finials to personalise your fence).

An extra feature post in the shape of a larger Bow over the bow top pales.

## Gates

Single and double leaf matching gates are available to suit fence height and drive widths. Supplied with posts and fittings.

## Specification

Single gate

Gate height from 1m to 1.2m

Gate width 1.2m

Double gate

Gate height from 1m to 1.2m
