

Jacksons Fencing Specification Sheet

Balustrade

Balustrade is available in two styles. Both come pre-assembled and are supplied in natural Jakcure finish (unpainted). All styles are made from best quality joinery timber, and treated with the unique Jakcure process with a 25 year guarantee.

Specification

Style 1 - Rectangular with round shape to bottom of pale complete with top and bottom rail.

These panels, as well as being stylish, are ideal for going up slopes, as they rake to suit any angle of incline. This panel system is pre-assembled and gives a finished height of 1.06m and comes in three standard widths. The vertical pales 75 x 20mm are 100mm apart, which complies with building regulations; fitted with 2 pairs of horizontal rails 75 x 20mm which fit each side of the pales, and fixed into position with timber dowels.

Panel widths	1.15m
	1.48m
	1.82m

Style 1

Style 2 - Spindle infill complete with top and bottom rail

These panels also come pre-assembled. This system comprises of turned vertical spindles 40 x 40mm, which fit between 2 horizontal rails 70 x 55mm, spaced 100mm apart with specially formed 40 x 30mm T section spacers.

Panel widths	1.26m
	1.55m
	1.83m

Style 2

Gates

Gates come in the two styles as stated above and are supplied in natural Jakcure finish. Fittings are included.

Specification

Gate Height	0.99m
Gate Width	1.0m

Style 2 balustrade with matching gate

Style 1 balustrade with matching gate
