

Garden Gates

Our garden gates are made from premium quality timber softwood and come in a range of solid and slatted designs to suit all fence styles and heights.

Due to the erratic price changes in raw material, we have temporarily removed prices from our Good Fencing Guide.

To see our latest prices for our range of garden gates, view our website by scanning the code on the left.

You can choose between a variety of solid gates that offer privacy and security or slatted or woven designs that can help create a light and airy space. You can also choose between a flat top style garden gate or an arched finish - either concave or convex.

Featherboard Gates

Matching our most popular style of fencing, this timeless Featherboard gate creates a solid, simple entrance, available with a curved or flat top.

Featherboard gates are offered in 0.90m and 1.00m widths, wider gates and paired gates are available to special order, please ask for a price and details. Featherboard gates are constructed using Jakcure® treated softwood in a sawn finish and use galvanised bolts and stainless steel nails. Right hand hanging as standard. (Left hand hanging also available). Please note that pairs of convex or concave garden gates will have one curve as standard. This applies to most garden gates not just Featherboard. Stiles are 120mm wide to allow the fitting of optional J-Lock and Latch. Posts for hanging garden gates, see page 48 - 49 unless gate is not in fence run as then we need larger posts.

Our gate posts, like all Jacksons panels and traditional fencing systems, are supplied in natural Jakcure® treated finish and are guaranteed against rot and insect attack for 25 years.

To hang a standard gate up to 0.90m wide, use planed 91mm x 91mm posts. If the standard gate is 0.90m or 1.00m use 125mm x 125mm nominal posts. Slotted end posts (Ref 668500) 2.40m long can be used to hang most standard gates in a fence run. However for certain gate types and non standard sizes you may require taller or larger posts. In this instance, please ask for advice.

The rise and fall on convex and concave Featherboard gates is 75mm. The gate height stated is the maximum height of the gate. We recommend a 50mm gap below the gate for clearance. Adjustable hinges, shutting strips and latch are supplied with every standard gate. They are essential to ensure the gate is held in the correct position to avoid twisting. Gates and latches are always to be operated by an adult. The structure (right) of the gate remains the same for the Concave and Convex styles.

● Stock items ○ Made to order (cannot be cancelled once ordered)

Featherboard Gates (Level Top)

Gate* Height	Fence Height	Gate Width	Ref
1.78m	1.80m	0.90m	231900 ●
1.18m	1.20m	1.00m	231100 ●
1.48m	1.50m	1.00m	231200 ●
1.78m	1.80m	1.00m	231300 ●
1.93m	1.95m	1.00m	232000 ●

*including capping

Concave Featherboard Gates

Gate* Height	Fence Height	Gate Width	Ref
1.15m	1.20m	1.00m	231101 ○
1.45m	1.50m	1.00m	231211 ○
1.75m	1.80m	1.00m	231301 ○

Convex Featherboard Gates

Gate* Height	Fence Height	Gate Width	Ref
1.15m	1.20m	1.00m	231102 ○
1.45m	1.50m	1.00m	231202 ○
1.75m	1.80m	1.00m	231302 ○

*Convex and Concave gates do not have capping

Advice: We always recommend a 50mm gap below the gate for clearance to avoid leaves building up. Shutting strips and latch are supplied with every gate. They are essential to ensure the gate is held in the correct position to avoid twisting. Stiles are 120mm wide.

Brook & Brabourne Boarded Garden Gates

Robust and versatile, for use with Tongue & Groove Effect Panels, both Brook and Brabourne gates will add privacy to any property.

Supplied in a natural, planed Jakcure® treated finish and constructed using galvanised bolts and stainless steel nails, these gates feature 120mm wide stiles to allow the fitting of optional J-Lock and Latch. Right hand hanging as standard. (Left hand hanging also available). Standard widths: 750mm, 900mm and 1m; wider gates and paired gates are available to special order, please ask for price and details. Standard heights: 1.18m, 1.48m, 1.78m and 1.93m when hung 50mm above the ground for clearance. The capping rail on a Brook gate top matches fence capping rail. Posts for hanging garden gates (see page 48 - 49) unless gate is not in fence run as then we need larger posts.

Special size gates can be made to order subject to size limitations, please ask for a quote and ensure that you allow 10mm each side of the gate for gaps and adjustments.

Gate fittings include heavily galvanised ring latch, adjustable hook and band hinge. The structure (left) of the gate remains the same for the Concave and Convex styles.

Wall Plate, J-Lock & Latch

Please see page 67 for information.

Please note: all standard gates are available in pairs though not displayed in images.

Some timber products will take a while to dry out after the Jakcure® process and natural shrinkage can occur. To prevent unstained timber becoming visible, we recommend not staining products until they have had a prolonged period of dry weather to fully dry out.

Brook Gate (Suited to T&G Panels)

Gate* Height	Fence Height	Gate Width	Ref
1.18m	1.22m	1.00m	275800 ○

1.75m	1.83m	0.90m	277400 ●
1.75m	1.83m	1.00m	277500 ●

*Convex gates do not have capping

The drop on Convex gates is 75mm. The gate height stated is the maximum height of the gate.

● Stock items ○ Made to order (cannot be cancelled once ordered)

Hit & Miss Gates

Hit and Miss gates are available in vertical and horizontal styles to match our fencing and offer a modern solution for creating an airy garden without compromising on privacy.

Posts for hanging garden gates, see page 48 - 49 unless gate is not in fence run as then they need larger posts. Special size gates can be made to order, please ask for a quote. We can make many of our gates to special sizes, size limitations vary. Please allow 10mm each side of the gate for gaps and adjustments. Gate fittings include ring latch, adjustable hook and band hinges. Fittings are heavily galvanised steel.
