

Chain Link Accessories for Timber and Concrete Posts

If you decide not to use our complete Tubular Chain Link System (page 143 onwards) you will need special fittings to use with timber and concrete posts. The accessories listed here will provide you with the necessary materials to help you install a chain link, welded mesh, plain or barbed wire fence. Should you have any difficulty in deciding which materials you need, please contact our sales team, who are always willing to assist you.

Stretcher Bar Kits, Stretcher Bars, Angle Cleats, Eyebolts and Adaptors for chain link fencing when attached to wooden or concrete posts. All hot dip galvanised.
