

# Jacksons Fencing

Celebrating **75** Years

**1947**

Ian Jackson and his father Harry Sands Jackson start selling chestnut fencing stakes and hay tripods to local farmers in Kent.

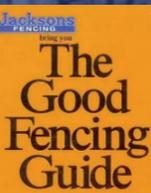

**1966**

Ian Jackson installs the first timber treatment plant at the Jacksons Fencing timber yard in Stowting, adding value to the product.

**1968**

Jacksons expands into the South West of the country, setting up an additional location at Chilcompton near Bath.

**1970s**

The company brochure: The Good Fencing Guide does an excellent job of selling Jacksons Fencing to farming and residential customers.

**1972**

Jacksons takes over the Belgrave timber yard near Chester and can then also service farmers in the north west of England.

**1975**

Ian Jackson and his Jacksons Fencing team are pictured on the inside front pages of The Good Fencing Guide for October 1975.

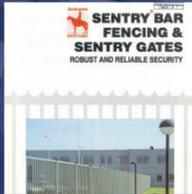

**1980s**

Jacksons' steel security fencing and gates arrive. In the 1980s Jacksons starts selling metal fencing to factories and schools.

**1990**

The company begins manufacturing steel security fencing and gates, this allows them to offer customised solutions to fit customers' individual needs.

**1991**

Jacksons develops automation for sliding and swing gates, domestic gates, and traffic barriers.

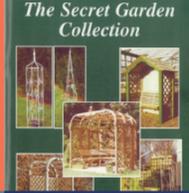

**1997**

In 1997 the company celebrated "Fifty Years of Fine Fencing".

**1998**

Introducing the Secret Garden Collection to the timber range. Investment in robotic technology to help produce metal products.

**2003**

Installation of a powder coating plant, which provided improved service to the customer with shortened lead times, as the coating is now applied on site.

**2004**

Jakoustic® Sound barrier - the creation of a successful system for both commercial and residential applications that can reduce noise levels by up to 32dB.

**2007**

The 25 Year Service Life Guarantee was introduced for steel fencing and gates.

**2010**

Gate Safe Campaign was spearheaded by Jacksons following the death of two children in separate automated gate incidents.

**2010**

Jacksons became the first company to have a timber security fence system certified by Loss Prevention Certification Board (LPCB).

**2014**

In 2014 Peter Jackson, son and grandson to the founders of Jacksons Fencing took over control of the company and became Managing Director.

**2015**

Jacksons developed the Hedgehog Friendly Gravel Board to help the declining hedgehog population in the UK.

**2016**

Jacksons was contacted by Border Force, with a brief to design, manufacture and install over 11,000m of fencing securing the UK border.

**2021**

Jacksons introduce metal garden fence posts, Mi-TM. The company's first metal fence post for use with its garden fencing.

**CURRENT DAY**

The company holds a unique position in the market place, specialising in not just timber, but steel fencing and gates, and many associated products.
