

Storm Panel

Jacksons Fencing

The Storm panel is the most recent member of the 'good-both-sides' Hit and Miss family. It was originally designed to provide a sturdy demarcation fence for use in locations exposed to high winds where solid panels or lighter weight palisade designs are inappropriate.

- All timber used throughout is superior quality Jakcure® treated softwood guaranteed for 25 years.
- All fixings are stainless steel.
- Designed for use with slotted Jakposts®.
- All timber is planed all round.
- Capping Rail is recommended to finish installation.
- Provides a sturdy demarcation fence for use in locations exposed to high winds.
- Gravel boards is built into the panel.
