

# Viking Topper Panel

# Jacksons Fencing

Enhance your garden's style and charm with our curved trellis topper panel, Viking; a modern twist on classic trellis design. Ideal for adding height, supporting climbing plants, or simply creating a decorative finish, while introducing a distinctive architectural feature that also helps discourage climbing.

- All timber used throughout is superior quality Jakcure® treated softwood guaranteed for 25 years.
- All fixings are stainless steel.
- Designed for use with slotted Jakposts®.
- Panel is frameless for a contemporary design.
- Offers a strong climbing deterrent by reducing opportunities to gain a stable hold.

## Specification

Panel Heights: 370mm at highest points, 300mm at lowest point

Panel Width: 1.83m

Panel Thickness: 43mm

Rails: Two rails per panel; 38 x 19mm and a lighter 25 x 19mm near the top of the panel

Pales: 24 x 30mm; 29 per panel, with a flat top and square edge

Panels can be cut to a desired width on site. Always use Jakcure® End Grain Treatment on any cut timber.
