

Traditional Palisade - Round or Pointed Tops

**Jacksons
Fencing**

Traditional Palisade fencing is also known as picket fencing. 'Traditional' fencing is a term we use to describe a system of fencing made from vertical posts and horizontal rails, with pales fixed to the rails, supplied in kit form rather than panel form. Traditional Palisade is available with pointed or rounded pales.

- All timber used throughout is superior quality Jakcure® treated softwood guaranteed for 25 years.
- All fixings are stainless steel.
- Gravel boards are required where fencing is in contact with the ground.
- Classic traditional design and a planed finish.
- Please note, we supply in only natural Jakcure® treated finish.
- These panels are designed to be installed 50mm above the ground.

Specification

Panel Heights: 1m, 1.2m, 1.8m

Panel Width: 1.83m

Pales: 22 x 75mm nominal section planed to finish at 19mm thick. Pale tops are machined with a rounded or pointed finish.

No cut down kit is required when reducing the width of this fencing but always use Jakcure® Cut Treatment on cut timber.

Gates

Gates are Jakcure® treated softwood, right and left hand hanging (when viewed from the outside) as standard designed to match our Traditional Palisade.

Standard Gate Heights: 0.95m, 1.15m & 1.75m.

Standard Gate Widths: 1m

Galvanised ring latch and adjustable hook and band hinges are included.
All fixings and fittings are galvanised or stainless steel.
All standard gates have no frame.

View our website for Q40 specification documents, CAD drawings and products available to buy online.

A fully made to measure service is available. All Jacksons Fencing systems and gates may be designed and manufactured to suit site conditions.
